MARS to MUSE Communication Kit PN 901090-001

Check Contents of Kit

Check that the following items are in the kit you received. If not, contact MUSE Technical Support at 1-800-558-7044, or 1-561-575-5000.

The MUSE point releases included in this kit reflect the minimum levels required. Point releases are dynamic, ensure that you use the latest version available. Leave the diskettes at the site.

This kit includes the necessary point releases, software patches and instructions to support various MARS to MUSE software and hardware combinations. Not all point releases, patches and instructions will be used when setting up MARS to MUSE communication.

Follow the instruction sheets included with this kit carefully and install only those software items required.

| Description | Part Number | Required For | |
|--|-------------|--------------|---------|
| | | MUSE Pre-NT | MUSE NT |
| MUSE 005A Point Release Disk Set | 420965-001 | | ✓ |
| MUSE 4A Point Release Disk Set | 421157-001 | ✓ | |
| MUSE 4B Point Release Disk Set | 420638-001 | ✓ | |
| CLM-1B Point Release Disk Set | 421158-001 | ✓ | |
| MARS PTmc & PTnt CDRom (Rev. B) | 422057-001 | ✓ | ✓ |
| MARS Software Activation Sheet | N/A | ✓ | ✓ |
| Parallel Printer Cable | 6119-101 | ✓ | |

| MARS to MUSE Communication Instructions - Pre NT | 408287-061 | ✓ | |
| MARS PTmc1.0 patch Instructions | 408287-076 | ✓ | |
| MARS PTnt1.0 patch Instructions | 2000783-001 | ✓ | ✓ |
| MARS to MUSE NT Customer Letter | 2000783-003 | | ✓ |

Check your MARS software version as described on opposite side !

Check MARS Software Version

To set up MARS to MUSE communication you must be running one of the MARS/MUSE software versions listed below. In some cases it will be necessary to install a MARS software patch before proceeding with the MARS to MUSE installation.

The MARS patches contain the necessary MARS software updates to prepare the MARS for installation of MARS to MUSE communication. The patch strings (PTmc1.0 and PTnt1.0) appear after the MARS software version and indicate whether a patch is installed.

The MARS to MUSE Communication Kit includes separate instruction sheets for installing MARS software patches.

To determine your MARS version and which patches are required:

1. On the MARS workstation, click *Help* on the menu bar.
The *Help* pulldown menu appears.
2. Click *About*.
The *About* window opens.
3. Record the software version listed.

MARS version _____

4. Locate your current MARS version and MUSE system (NT or Pre-NT) on the chart below to determine which MARS software patches are required.

For example:

Your current MARS version is *4.0a-PTmc1.0* and you will be connecting to a MUSE NT system.
You will need to install MARS software patch *PTnt1.0*.

| MARS Patch Update(s) Required | | | | |
|-------------------------------|-----------------------------------|--------------------------|------------------------------------|--------------|
| MARS version | MUSE NT version 005A.20 or higher | | Muse Pre-NT version 4A, 4B, CLM-1B | |
| | MARS patch Req'd | Instructions | MARS Patch Req'd | Instructions |
| 4.0a | *PTmc1.0 PTnt1.0 | 408287-076 200783-001 | PTmc1.0 | 408287-076 |
| 4.0a-PTmc1.0 | PTnt1.0 | 2000783-001 | None | None |
| 4.0a-PTmc1.0-PTnt1.0 | None | None | None | None |
| 4.1 | PTnt1.0 | 2000783-001 | None | None |
| 4.1-PTnt1.0 | None | None | None | None |

* If you are running MARS version 4.0a and require both patches, install PTmc1.0 first followed by PTnt1.0

After checking, and if necessary, updating your MARS software, follow the “Adding MARS to MUSE Communication” Instruction sheet required for your installation.

- MUSE pre-NT systems use Instruction sheet PN 408287-061
- MUSE NT systems use Instruction sheet PN 408287-080
